ABOUT MARIE FRITZ PERRY

Marie has been an oil and pastel artist for over twenty years and is enjoying her success as a portrait painter specializing in canine and equine custom works, following her work as a children's book author and illustrator with two published titles. Her motto is "if you can dream it, I can paint it!" referring to her desire to work with her clients to achieve their vision for their specialized canine or equine portrait. "I take in the love and memories that they express about their dog, or horse, as well as a scene that they can feel, taste, touch, remember." Working from photos and discussions she has with her clients, she produces works that please her clients; and, in the end, continues to stir up the emotions they hold for the animals they love through the art.

Marie deeply enjoys creating works of canines in their day to day lives, whether that is hunting with their human companions, or watching over their loved ones. "Whatever my clients see in their animals, I capture on paper or canvas."

As for her equine work, Marie has focused on the show horse world (which she herself enjoys as her main hobby), offering equine enthusiasts a chance to capture what they enjoy about their horse both inside and outside the show ring.

THE SEAL OF AUTHENTICITY

LET'S GET STARTED

ABOUT YOUR PROJECT

Whether you want to capture your dog or your horse in a MARIE FRITZ PERRY Fine Art Custom Portrait, the process always begins with a story—your story of the love and commitment you want to share through a portrait of your special animal.

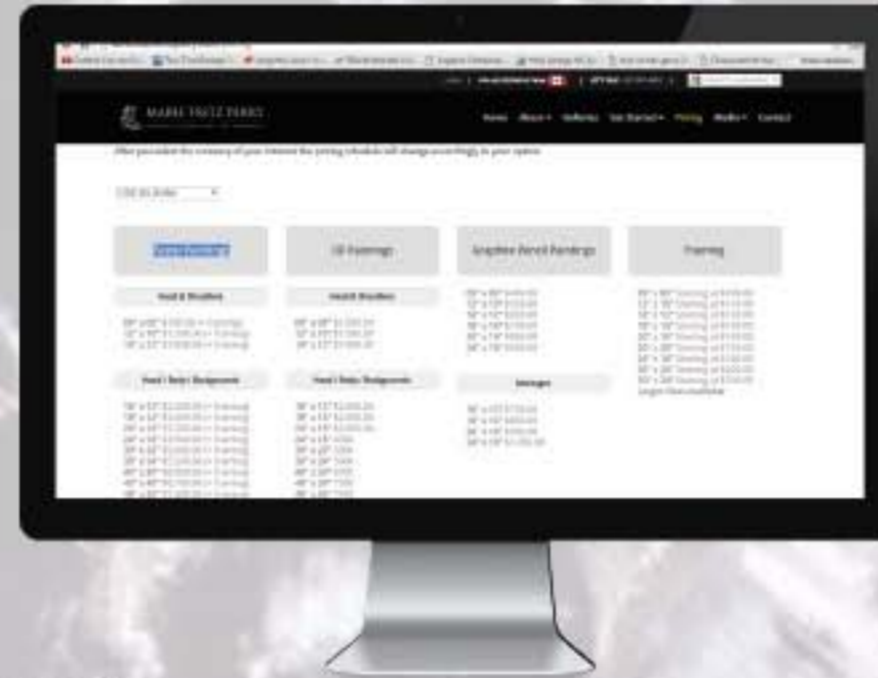

MARIE FRITZ PERRY uses her artistic gift to convey your vision in pastel, oil, or graphite pencil. Her paintings allow you to privately enjoy or share your passion with others. While a snap shot or professional photograph captures an exact moment in time, a custom painting captures the emotion you want to express and remember, offering a unique opportunity which photography just cannot give you.

"A true portrait is built from the inside looking out."
David O'Neill: (A MARIE FRITZ PERRY's art client.)

3 SIMPLE EASY STEPS TO ORDER YOUR PORTRAIT

STEP 1

Select a pastel, oil or graphite pencil, and begin to envision your special animal's portrait. Which medium would best express the love you feel for your canine or equine companion? Select the medium (pastel, oil, or graphite pencil) that moves you most and then think about where you would want to display your final Fine Art Portrait. Consider what size might look best given the location you have in mind.

STEP 2

Place your deposit using our online form. Once you have done that, you are ready to select and upload your reference photographs that will form the foundation of the portrait process you are beginning. To understand how to choose the best photographs for your Fine Art Portrait, please refer to our Photo Requirements page section at www.mariefritzperry.com

STEP 3

Once you determine your choice in artistic medium, size and placed your deposit, your portrait will be scheduled and your order will be placed in the artist's schedule. Please note that since each piece of work is original and created by hand by the artist, a basic time frame of anywhere from 6-12 weeks is required to produce the artwork.

PRICES STARTING AS LOW AS:

Graphite Pencil Paintings \$450.00 USD

Pastel Paintings \$700.00 USD

Oil Paintings \$1000.00 USD

FRAMING, TAXES AND SHIPPING NOT INCLUDED

THE PROCESS

Once a deposit has been paid and the details of your Fine Art Portrait have been determined, clients will be given two black and white compositional sketches to select pose from and changes can be made at this phase to make sure both artist and client are sharing the same vision. Please note that these pencil sketches are not full detailed renderings, but merely a visual aid to determine proportion, subject positions and basic background elements.

Once the final sketch has been client approved, 50% of the portrait balance will be invoiced and your final portrait will begin. During the artistic process, clients will receive several "work in progress" images as your portrait progresses in the studio to make sure your MARIE FRITZ PERRY Fine Art Portrait is on track with your vision. Clients will also receive a final digital image when their portrait is complete in the studio to approve.

Once the final original work is client approved, a final payment will be invoiced, including a quote for shipping and insurance which is the responsibility of the client and must be paid in full two weeks before the portrait is shipped.
